La seconda soluzione presenta un cielo di chiusura con soffione integrato di forma quadrata, per creare un ambiente raccolto e con poca dispersione termica, che viene completato nella terza soluzione con un kit multifunzione a richiesta che comprende RADIO FM, cromoterapia e bagno turco per un'esperienza doccia completa ed energizzante.

The second solution has a closed top with integrated square showerhead, to create a closed environment with a very little heat loss. In the third solution, it is completed - upon request - with a multifunction kit including FM RADIO, chromotherapy and Turkish bath, for a complete and energising shower experience.
