AGRIGENTO

La valle dei templi di Akragas, vicino Agrigento, ci offre nuova ispirazione per il particolare effetto canaletto che anima la superficie esterna della vasca. Agrigento è una vasca studiata per l'installazione a centro stanza, che ricorda le antiche colonne dei tempi nella perfetta perpendicolarità al pavimento. Il suo stile bilanciato crea un ideale dialogo con gli altri arredi che compongono il bagno contemporaneo.

The valley of the temples in Akragas, near agrigento, provides new inspiration for the characteristic canaletto effect that enhances the external surface of the bathtub. Agrigento is a bathtub designed for center-room installation, reminiscent of the ancient columns of the temples with its perfect perpendicularity to the floor. Its balanced style creates an ideal dialogue with the other furniture in a contemporary bathroom.
